

Let's put a plan together don't wait for the occasion, promise your self you'll be kind to yourself .

Throw out old make up, use up all the bits in bottles.

Treat can be a new lipstick, mascara or tinted make up.

Have your eyelashes and brows tinted, what a simple difference.

Wax your legs etc. not just for holidays, the more frequent you have it done the hair grows less , hair inhibited lotions.

Beautiful feet, they work so hard for you , pretty toes (none of us like our feet!!!)

Work often prohibits nail varnish etc.

That doesn't mean we ignore them.

Beautiful manicures, hand masks, Caci stimulation, Paraffin wax very good for your arthritis.

These treatments feed your dry hands and cuticles hence the nails grows better, ready for varnish and for a more semi permanent finish Bio Sculpture.
